## Little Beaver Augers - The Full Range

First Fence USA Inc., a premier new supplier of perimeter security and fencing systems across the United States, is proud to announce it is now an official distributor of Little Beaver auger products.

This strategic expansion solidifies our position as a one-stop shop for professional fencing installation equipment. By offering these industry-leading earth drills, snap-on augers, and replacement components, First Fence USA provides contractors with rugged, high-performance digging solutions designed for maximum efficiency.

FIRST FENCE USA

## What This Means

“We are delighted to bring the full Little Beaver range to our portfolio. Our mission has always been to provide our clients with the most reliable products on the market. Little Beaver shares our commitment to durability and innovation, making them the perfect partner to help our customers drill effectively.

This equipment line is available for purchase immediately via the First Fence website and through our dedicated Sales Team. Customers can benefit from the technical expertise of our team to help select the exact snap-on auger for their specific project requirements.

By expanding our range to offer the complete Little Beaver catalog, it helps us provide our customers with a full turnkey solution from one of the most globally renowned manufacturers of innovative mechanical and hydraulic earth drills.”
