SPC-CHAIN-022A

Chain Link Residential Top Rail

The Chain Link Fencing Commercial Top Rail Swaged is a vital structural component designed for establishing a rigid and durable perimeter. As the horizontal support running along the top of the fence, it provides the essential tension required to prevent the mesh from sagging or bowing over time. Engineered specifically for heavy-duty applications, this rail withstands significant impact and environmental stress, ensuring superior security for industrial sites and facilities compared to standard residential tubing.
