Galvanized Corner Barbed Arm

Specification Sheet

SPC-CHAIN-010A

Galvanized Corner Barbed Arm

The Chain Link Fencing Galvanized Corner Barbed Arms (Three Strand) are critical components for fortifying secure environments. Designed specifically for commercial chain link applications, this heavy-duty arm fits onto corner posts, serving as the anchor point for barbed wire strands. By projecting the wire at a 45-degree angle, it creates a formidable physical and psychological deterrent. This product is indispensable for high-risk sites.

Key Features

Material Type

Galvanized Steel

Compatibility

The Chain Link Fencing Galvanized Corner Barbed Arms are used to sit on top corner posts to house 3 strands of barbed wire on a Chain Link Fencing System.

Sizes Available

Sizing Matches Diameter of the Attaching Post
