

Galvanized Universal Barbed Arm

Specification Sheet

SPC-CHAIN-015A

FIRST FENCE USA

WE LISTEN. WE CARE. WE DELIVER

Galvanized Universal Barbed Arm

The Chain Link Fencing Galvanized Universal Barbed Arm Three Strand is the ultimate problem-solver for retrofitting security measures onto existing fences. Designed with flexibility in mind, this arm can be adapted to fit a wide range of post sizes, making it a favorite among chain link fencing contractors who encounter varying site conditions. Whether you are upgrading an older fence or dealing with non-standard post dimensions, this universal arm allows for the quick and easy addition of a three-strand barbed wire topping. Its adjustable nature means it can be securely fastened to provide the same level of deterrence as standard fixed arms.

Key Features

Material Type

Galvanized Steel

Compatibility

The Chain Link Fencing Galvanized Corner Barbed Arms are used to sit on top of line posts with a loop allowing the top rail to pass through and to house 3 strands of barbed wire on a Chain Link Fencing system.

Sizes Available
