Chain Link Residential Roll

Specification Sheet

SPC-CHAIN-020A

Chain Link Residential Roll

This Chain Link Fencing Residential Roll is a versatile barrier system designed to meet the essential needs of modern homeowners. This fencing offers an excellent balance between secure containment and open visibility, making it a popular choice for enclosing backyards and gardens. Supplied in a manageable 50-foot roll, this chain link fencing is engineered for straightforward installation, allowing DIY enthusiasts and contractors to quickly establish a secure perimeter that blends seamlessly with the surrounding landscape.

Key Features

Material Type

Galvanized Steel

Compatibility

The Chain Link Fencing Residential Roll is an essential component of constructing a Chain Link Fence run. The roll is key for structure and aesthetics being supported by posts and tensioning components.

Available Sizing

- Length: 50'
- Height: 3' to 6'
- Gauge: 11-1/2ga or 12ga
- Selvage type: Knuckle-Knuckle or Knuckle-Twist
- Aperture: 2-1/4" or 2-3/8"

Selvage Type

KK - Knuckle Knucle

- The wire ends at both the top and bottom of the fence are bent over into smooth loops.
- Typically found in commercial usage where safety is priority

KT - Knuckle Twist

- Hybrid finish where one end is bent into smooth loops and the other, sharp barbs.
- Typically found in commercial usage to provide an extra deterrent to the fence line

Color Options:
