Residential Aluminum Fencing

Specification Sheet

SPC-ALU-001A

Premium Aluminum Fencing. Rackable Precision. Engineered Quality.

Elevate Your Perimeter Experience the perfect synthesis of security and curb appeal. Our Residential Aluminum Series is engineered for the American homeowner who demands strength without sacrificing style. Constructed from premium aluminum alloy with a weather-resistant powder-coated finish, these panels are designed to look brand new for decades.

Key Features

- ⊙ **Premium Material**
Crafted from High-Strength Aluminum Alloy for superior structural integrity and long-lasting corrosion resistance.
- ⊙ **Reinforced Pickets**
Features 5/8" Square Pickets with heavy-duty 16-gauge sidewalls, offering exceptional resistance to bending and denting.
- ⊙ **Structural Rigidity**
Anchored by 1" Square Rails with 14-gauge sidewalls, providing a robust backbone that prevents panel sagging.
- ⊙ **Seamless Aesthetic**
Utilizes a Screwless "Hidden Fastener" design to create a flawless, clean look on both sides of the fence.
- ⊙ **Extreme Terrain Capable**
Engineered to achieve an industry-leading 41-inch drop per panel, allowing for smooth installation on steep slopes.

Suitable For

- ⊙ Steep Driveway Entrances
- ⊙ Poolside Enclosures
- ⊙ Rolling Perimeter Fencing
- ⊙ Front Yard "Estate" Definition
- ⊙ Coastal & Lakefront Properties
- ⊙ Garden & Landscape Accents
- ⊙ Patio & Courtyard Privacy
- ⊙ Pet Containment Runs

Three Styles Available from Stock

2 Rail Flat Top

- ⊙ Minimalist design offers unobstructed view of your landscape.
- ⊙ Sleek, clean lines perfectly complement modern architecture.
- ⊙ The most budget-friendly option for premium durability.

3 Rail Flat Top

- ⊙ Third rail adds superior structural strength and stability.
- ⊙ Smooth top design is safe for children and pets.
- ⊙ Substantial visual weight defines property boundaries clearly.

3 Rail Staggered Spear Flat Top

- ⊙ Classic estate look adds instant sophistication and value.
- ⊙ Visual security of spears with a safe, smooth top.
- ⊙ Decorative alternating pattern creates a high-end, custom feel

Bracketless Engineering

Achieve a flawless, streamlined aesthetic with our signature bracketless installation system. First Fence aluminum panels are engineered to slide directly into precision-lasered post slots, eliminating the need for bulky external hardware. Once seated, the rails are locked firmly in place with self-drilling screws, ensuring a secure, rattle-free perimeter that looks clean from every angle.

☉ Pre Lasered 2 and 3 Rail Slots

☉ Fence Panel Rails Insert into Slots

☉ (Optional) Secure with Self-Drilling Screws
