NewStead Wood Plastic Composite Gates

Specification Sheet

SPC-COMP-003A

Grand Entrances, Zero Maintenance!

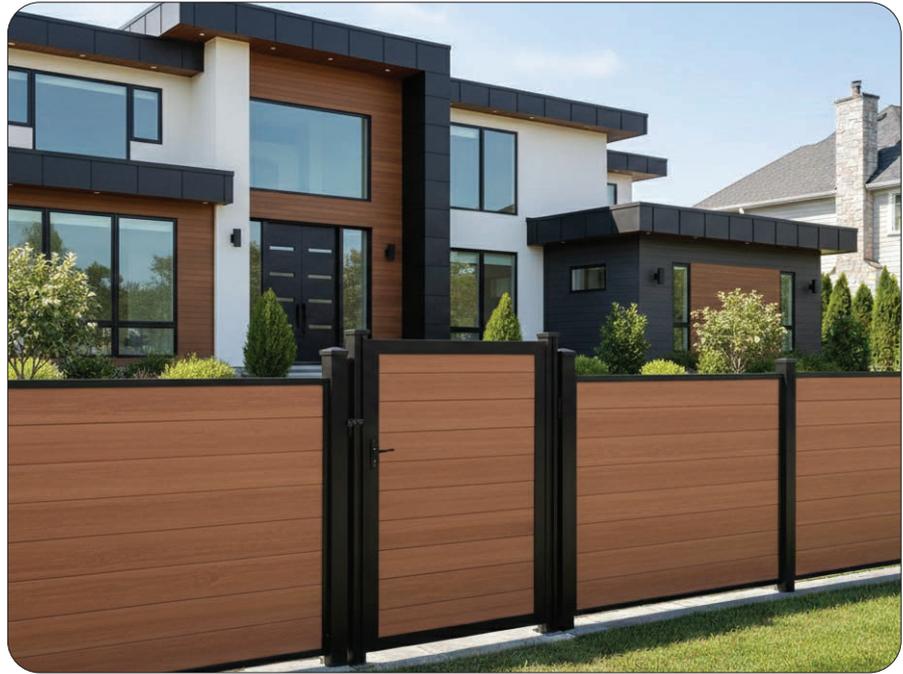

Complete your architectural vision with the NewStead Wood Plastic Composite (WPC) Gate Collection, the definitive entrance solution for the modern estate. Designed to mirror the sophisticated profile of our fencing series, these gates offer a seamless transition from perimeter to portal, ensuring your property's first impression is one of unwavering prestige. Each gate is made from our signature fusion of sustainable bamboo and recycled polymers, reinforced by a heavy-duty internal frame to provide a secure, warp-resistant entryway that defies the elements. Whether you choose the timeless texture of our Wood Grain series or the bold, contemporary lines of our Embossed finish, the NewStead gate system delivers a smooth, silent operation and a maintenance-free elegance that stands the test of time.

Key Features

- Simple & Fast Installation
(Modular system with easy installation)
- Durability & Longevity
(Resistant to rot & corrosion, and requires little maintenance)
- Eco-Friendly
(Made from recycled wood and plastic)
- Customisable
(Choose from a range of colours and finishes)
- Privacy & Security
(The solid design & robust construction forms a reliable barrier)

Suitable For

- Garden & Pool Fencing
- Residential Privacy
- Office & Retail Boundaries
- Parks & Playgrounds
- Hotels & Resorts

Choose your Color and Finish

Choose a Black or Silver frame and then add your choice of colour infill boards (the example below is the Teak infill). This gate is only available as a dig-in/ground-installed 6 Foot/1.8m high product. This kit is for a gate frame only, infill boards and posts available separately.
