Grand Vistas, Zero Maintenance!

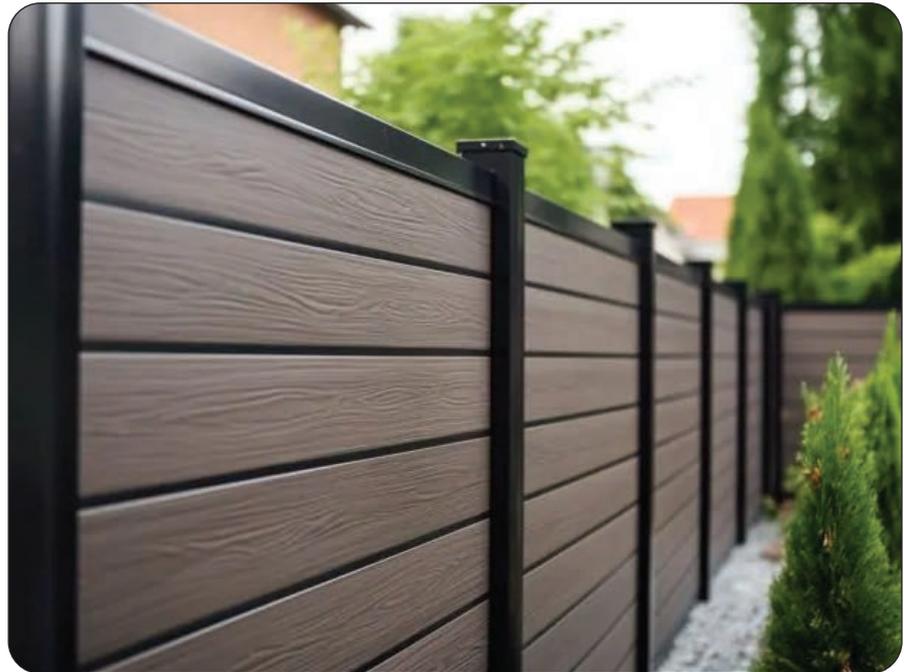

Redefine your landscape and achieve the ultimate balance of secluded privacy and modern elegance with our NewStead Wood Plastic Composite (WPC) Fencing Series. Designed for the homeowner who demands the organic beauty of timber without the burden of constant upkeep, these panels serve as the premier architectural boundary for any upscale property. Forged from a high-performance blend of sustainable bamboo fibers and recycled plastics, each interlocking panel is precision-engineered to resist rot, warping, and the harshest weather conditions. From our warm, natural Wood Grain finishes to our sleek, industrial Embossed designs, the NewStead system is built to maintain a prestigious aesthetic and structural integrity for many years.

Key Features

- ⊙ **Simple & Fast Installation**
(Modular system with easy installation)
- ⊙ **Durability & Longevity**
(Resistant to rot and corrosion and requires little maintenance)
- ⊙ **Eco-Friendly**
(Made from recycled plastic and bamboo fibres)
- ⊙ **Customisable**
(Choose from a range of colors and finishes)
- ⊙ **Privacy & Security**
(The solid design and robust construction forms a reliable barrier)

Posts

These 3-1/8" square posts come in 6' or 8' lengths and can be cut to size. They are designed for dig-in use but can be converted to bolt-down with an optional base. Note: 1' and 2' wall toppers are bolt-down only.

007-000016 - 6ft Post
007-000018 - 8ft Post

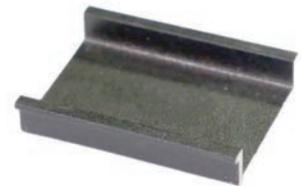

007-000017 - 6ft Post
007-000019 - 8ft Post

Side Covers

This is an important accessory used to provide a clean, finished look to the fence and to protect the exposed sides of the posts, concealing the open post channels. The side covers are made from aluminum and powder coated.

Fixing Bolts

Ensure a rock-solid, secure installation for your ground-installed NewStead fencing system with our 5/16" X 3-1/8" anchor bolts.

007-000029

007-000030

Base Cap

Complete your bolt-down system with our Aluminum Post Base Caps. They provide a clean, polished and professional finish that conceals the bolt-down plate and fixings.

007-000024

007-000025

Post Base

Designed to work with the aluminum posts, transforming them from a dig-in format to a reliable bolt-down post.

007-000014

007-000015

Post Cap

Complete your fencing with these post caps, providing a clean finish to the top of the post while protecting the interior from debris and weather.

007-000022

007-000023

Fixing Bracket

Enhance your fencing project with the NewStead Fence Fixing Bracket, designed for durability and ease of use. Made from high-quality, weather-resistant material, this bracket ensures a secure and stable installation. These are used in the end slots of the top and bottom rail to keep the structure secure. Use four per panel/bay.
