

# B-SAFE

<https://www.locinoxusa.com/gate-hardware/accessories-for-gates/security-cables/p00002273>

The B-Safe gate safety cable provides additional security to your gates. Should the gate become detached, the B-Safe will keep it from falling down. Thanks to the patented Quick-Fix anchor bolts, the B-Safe easily installs onto the post and gate frame. The B-Safe is recommended for gates up to 1,100 lbs, being rated up to 2,200 lbs, and has been developed to secure a gate in accordance with EN 12604.
