Black Universal Gate Latch

Specification Sheet

SPC-HARD-001A

Universal Gate Latch

The Universal Gate Latch is a versatile locking solution engineered for secure closure across various perimeter systems. Designed with adaptability in mind, this component is suitable for wood, vinyl, galvanized and aluminum ornamental fence styles. It is an essential accessory for professional contractors and DIY enthusiasts. Whether securing a decorative garden entrance or a robust perimeter boundary, this gate latch hardware offers a blend of functionality and ease of installation, ensuring your gate remains aligned and operational regardless of the fencing material employed.
