# Black Universal Gate Adjustable Tension Hinge With Legs

## Specification Sheet

### SPC-HARD-010A

## Universal Gate Adjustable Tension Hinge With Legs

The Universal Gate Adjustable Tension Hinge with Legs is engineered to provide a robust and reliable solution for securing residential and light commercial perimeters. Manufactured from high-quality, heavy-duty polymer, this hinge system eliminates the common issues of rusting, binding, and staining often associated with traditional metal hardware. The integrated alignment legs are a standout feature, designed to significantly simplify installation on square gate posts by ensuring perfect alignment every time, making it an ideal choice for vinyl and metal gate applications.

### Key Features

#### Material Type

Polymer Plastic

#### Compatibility

The Universal Gate Adjustable Tension Hinge With Legs can be used to provide secure closure for Wood, Vinyl, Galvanized Ornamental and Aluminum Ornamental Gates.

#### Product Details

Opening Angle	Mechanism
