Black Universal Gate Spring Closer

Specification Sheet
SPC-HARD-012A

Universal Gate Spring Closer

The Universal Gate Spring Closer is a robust hardware solution designed to ensure your perimeter access points return to a closed position automatically. Ideal for both residential and commercial properties, this device enhances security by preventing gates from being accidentally left open. Compatible with a wide variety of materials, including timber and vinyl, it offers a discreet yet effective method for maintaining privacy and safety around pools, gardens, or walkways.
