Vehicle Gate Conversion Kit (Double Swing)

Specification Sheet

SPC-TEMP-011A

Effortless Vehicular Access, Uncompromised Perimeter Security!

The Vehicle Gate Conversion Kit (Double Swing) delivers a fully functional, dual-leaf opening with rapid, tool-free deployment.

Manufactured from high-grade, hot-dip galvanized steel, this heavy-duty hardware solution offers exceptional corrosion resistance and stability across demanding job sites without requiring complex structural overhauls.

Featuring rugged clamp-on wheel assemblies for smooth operation and secure hinge couplers for a fluid 180° swing, it easily transforms standard temporary fence panels to accommodate wide drive-through clearances and eliminate access bottlenecks.

Key Features

- High-Strength Steel Construction
  (Built to withstand daily movement on active job sites)
- Corrosion-Resistant Finish
  (Galvanized for rust, moisture and outdoor heat resistance)
- Dual-Leaf Swing Functionality
  (Allows both panels to swing outward or inward)
- Total Compatibility
  (Clamps directly onto tubular temporary fence panels)
- Enhanced Perimeter Security
  (Keeps site organised while maintaining structural stability)

Suitable For

- Construction & Demolition Sites
- Industrial & Logistics Yards
- Events & Outdoor Venues
- Infrastructure Projects
- Commercial Facility Management

Product Specifications

Material: Steel

Kit Contents
x2 Gate Wheel Assemblies
x1 Lockable Gate Latch Set
x4 Gate Hinge Couplers

Often Purchased With

ST612V & ST812V Anti-Climb Temporary Fence Panels

Temporary Fence Tube Stand Base

Coupler HD Gripper
