EnviroRail® Estate Railings

Specification Sheet

SPC-ENV-001A

Timeless Aesthetics, Sustainable Strength!

EnviroRail® Estate Railings deliver a classic, traditional aesthetic paired with eco-conscious manufacturing. Built using an innovative modular system with precision-fit components and minimal welds, this system significantly reduces material waste and energy consumption without compromising structural integrity. The clean, defined lines of the vertical bars and sweeping horizontal rails provide a robust, authoritative boundary—ideal for rural estates, parks, residential developments, and public green spaces.

Available in versatile heights with an in-ground post format, the range adapts to any site requirement. Made from pre-galvanized steel and finished with a durable Black Polyester Powder Coating, EnviroRail® combines long-lasting corrosion protection with architectural style.

Key Features

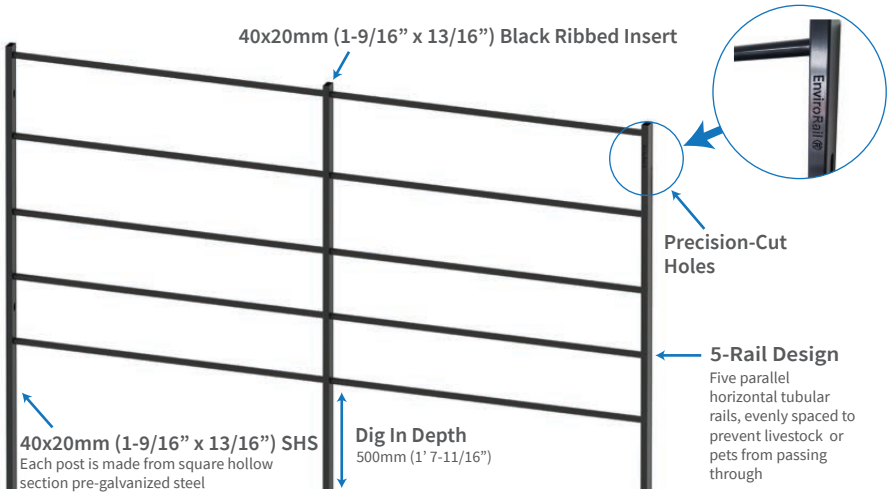

- Decorative & Durable
  (The traditional look of estate fencing with long-lasting strength of steel)
- Modular System
  (Easy-to-install design with dig-in posts and secure fixings)
- Corrosion Resistant
  (Galvanized with a PPC finish offering long-lasting protection against rust)
- Eco-Friendly Manufacturing
  (Laser-cut, press-fit construction reduces energy-intensive welding)
- Classic Finish
  (Powder Coated black for an elegant finish)

Suitable For

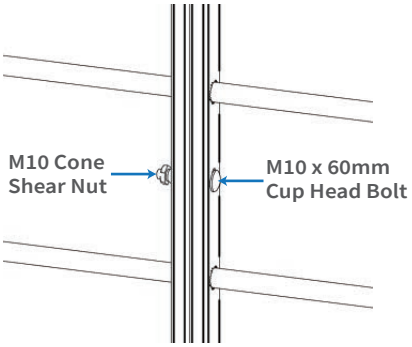

- Modern Residential Developments
- Public Urban Spaces
- Rural Estates & Farmland
- Commercial or Civic Sites
- Gardens, Driveways & Private Grounds

EnviroRail® Estate Railings Details

The tubular rail design provides strength and longevity to the railings. This style is more robust than the traditional flat rail design.

Connect multiple panels to create a fence of any length

Estate Railings Specifications

PRODUCT	HEIGHT	BAY WIDTH	POST HEIGHT	POST SECTION	MATERIAL	FINISH	DIG IN DEPTH
1.2m High x 2.0m Wide Kit	1.2m (3' 11-1/4")	2000mm (6' 6-3/4")	1700mm (5' 7")	40x20mm (SHS) (1-9/16" x 13/16")	Pre-galvanized Steel	Powder Coated	500mm (1' 7-11/16")
1.2m High x 1.0m Wide Kit	1.2m (3' 11-1/4")	1000mm (3' 3-3/8")	1700mm (5' 7")	40x20mm (SHS) (1-9/16" x 13/16")	Pre-galvanized Steel	Powder Coated	500mm (1' 7-11/16")

The installed height is 1200mm (3' 11-1/4") above ground, including ground clearance.

Often Purchased With:

1.2m High x 1.2m (3' 11-1/4") Wide Single Leaf EnviroRail® Compatible Estate Railing Gate Kit

The Estate Railing Single Leaf Gate comes with a leaf, hinge and catch post, adjustable gate eye, spring bolt kit and black ribbed inserts.

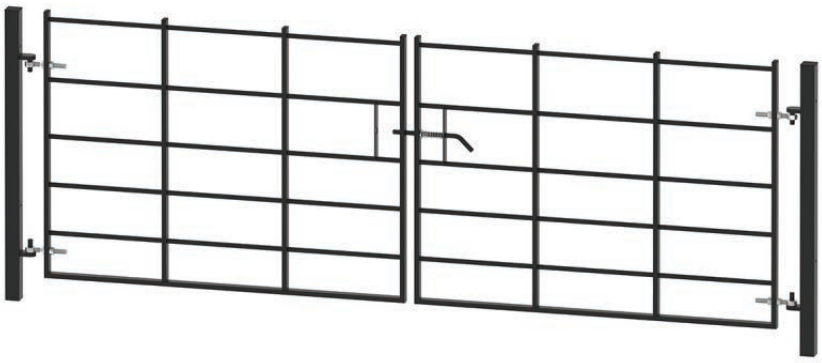

Height Installed: 1200mm (3' 11-1/4"). Total post length is 1700mm (5' 7").

Post Box Sections: 60x60mm (2-3/8" x 2-3/8")

These gates are a dig in/in-ground only format and have a right or left-handed hanging side.

Available in the same color options as the railings.

Note: These gates are compatible with EnviroRail® Estate Railings, but are not themselves EnviroRail® products.

1.2m (3' 11-1/4') High x 3.0m (9' 10-1/8") Wide Double Leaf EnviroRail® Compatible Estate Railing Gate Kit

The Estate Railing Double Leaf Gate comes with 2 leaves, 2 hinge posts, adjustable gate eyes, spring bolt kit and black ribbed inserts.

Height Installed: 1200mm (3' 11-1/4"). Total post length is 1700mm (5' 7").

Post Box Sections: 60x60mm (2-3/8" x 2-3/8")

These gates are a dig in/in-ground only format.

Available in the same color options as the railings.

Note: These gates are compatible with EnviroRail® Estate Railings, but are not themselves EnviroRail® products.

Pristine Protection

A black RAL-matched touch-up spray is the ultimate insurance policy for your new railings.

While powder coating is incredibly durable, minor scuffs from transit or installation are often unavoidable. By matching the exact color of your railings, you can instantly vanish nicks and seal the steel against moisture.
